

## LED napájecí zdroje

STR. 1/2

Meanwell napájení (IP20)

# 41071043

EAN: 8720207812511

## ČISTÁ SÍLA

LED napájecí zdroje Prolumia jsou k dispozici pro vnitřní i venkovní použití (voděodolné). Díky tenkému provedení mohou být zdroje Prolumia snadno uloženy například pod police, do skříně nebo za stěnou.

## VLASTNOSTI PRODUKTU

|                                           |                 |                |                       |
|-------------------------------------------|-----------------|----------------|-----------------------|
| Model                                     | Static          | Output voltage | 24 24 Volt            |
| Suitable for outdoor use                  | ✗               | Output current | 2500 2500 Milliampere |
| Dimming 0-10 V                            | ✗               | Output power   | 60 60 Watt            |
| Dimming 1-10 V                            | ✗               | Length         | 100 Millimetre        |
| Dimming DALI                              | ✗               | Width          | 40 Millimetre         |
| Dimming DMX                               | ✗               | Height         | 90 Millimetre         |
| Dimming GPRS                              | ✗               |                |                       |
| Dimming DSI                               | ✗               |                |                       |
| Dimming LineSwitch                        | ✗               |                |                       |
| Dimming mains voltage modulation          | ✗               |                |                       |
| Dimming manufacturer's proprietary system | ✗               |                |                       |
| Dimming phase cut-off (trailing edge)     | ✗               |                |                       |
| Dimming phase cut-on (leading edge)       | ✗               |                |                       |
| Dimming potentiometer (integrated)        | ✗               |                |                       |
| Dimming programmable                      | ✗               |                |                       |
| Dimming RF                                | ✗               |                |                       |
| Dimming Sine Wave Reduction               | ✗               |                |                       |
| Dimming Touch and Dim                     | ✗               |                |                       |
| Dimming with push-button                  | ✗               |                |                       |
| No dim function                           | ✓               |                |                       |
| Dimming Zigbee                            | ✗               |                |                       |
| Constant light output (CLO)               | ✗               |                |                       |
| Housing                                   | Plastic housing |                |                       |
| Suitable for constant current             | ✗               |                |                       |
| Suitable for constant voltage             | ✓               |                |                       |
| Suitable for DC-voltage (primary side)    | ✗               |                |                       |
| Degree of protection (IP)                 | IP20            |                |                       |
| Protection class according to IEC 61140   | I               |                |                       |
| Operation by Bluetooth                    | ✗               |                |                       |
| Compatible with Apple HomeKit             | ✗               |                |                       |
| Compatible with Google Assistant          | ✗               |                |                       |
| Compatible with Amazon Alexa              | ✗               |                |                       |
