

## LED napájecí zdroje

STR. 1/2

Prolumia napájení (IP67)

# 46190351

EAN: 8719689122614

### ČISTÁ SÍLA

LED napájecí zdroje Prolumia jsou k dispozici pro vnitřní i venkovní použití (voděodolné). Díky tenkému provedení mohou být zdroje Prolumia snadno uloženy například pod police, do skříně nebo za stěnou.

### VLASTNOSTI PRODUKTU

|                                           |               |                |                       |
|-------------------------------------------|---------------|----------------|-----------------------|
| Model                                     | Static        | Output voltage | 24 24 Volt            |
| Suitable for outdoor use                  | ✓             | Output current | 4200 4200 Milliampere |
| Dimming 0-10 V                            | ✗             | Output power   | 100 100 Watt          |
| Dimming 1-10 V                            | ✗             | Length         | 198 Millimetre        |
| Dimming DALI                              | ✗             | Width          | 54 Millimetre         |
| Dimming DMX                               | ✗             | Height         | 20 Millimetre         |
| Dimming GPRS                              | ✗             |                |                       |
| Dimming DSI                               | ✗             |                |                       |
| Dimming LineSwitch                        | ✗             |                |                       |
| Dimming mains voltage modulation          | ✗             |                |                       |
| Dimming manufacturer's proprietary system | ✗             |                |                       |
| Dimming phase cut-off (trailing edge)     | ✗             |                |                       |
| Dimming phase cut-on (leading edge)       | ✗             |                |                       |
| Dimming potentiometer (integrated)        | ✗             |                |                       |
| Dimming programmable                      | ✗             |                |                       |
| Dimming RF                                | ✗             |                |                       |
| Dimming Sine Wave Reduction               | ✗             |                |                       |
| Dimming Touch and Dim                     | ✗             |                |                       |
| Dimming with push-button                  | ✗             |                |                       |
| No dim function                           | ✓             |                |                       |
| Dimming Zigbee                            | ✗             |                |                       |
| Constant light output (CLO)               | ✗             |                |                       |
| Housing                                   | Metal housing |                |                       |
| Suitable for constant current             | ✗             |                |                       |
| Suitable for constant voltage             | ✓             |                |                       |
| Suitable for DC-voltage (primary side)    | ✓             |                |                       |
| Degree of protection (IP)                 | IP67          |                |                       |
| Protection class according to IEC 61140   | I             |                |                       |
| Operation by Bluetooth                    | ✗             |                |                       |
| Compatible with Apple HomeKit             | ✗             |                |                       |
