

LED Pro-Ceiling PAGE 1/3

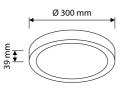

LED Pro-Ceiling ø 300 mm (surface mount)

# 40001730 EAN: 8721063000111

# THE WARMTH OF DECORATIVE LIGHTING COMBINED WITH A SOPHISTICATED, MODERN DESIGN

The Prolumia Pro-Ceiling series are unique in their design. They combine the warmth of decorative lighting with the refinement of a high-end, contemporary luminaire. Available in round, square or rectangular shapes and various sizes for recessed or surface mounted installation onto wall or ceiling. Pro-Ceiling has a lifespan of more than 50.000 hours, the luminaire comes with an integrated power supply and offers ease of installation.

#### PRODUCT FEATURES

| Suitable for wall mounting                     | ✓                                       | Suitable for number of light sources                                      | 1                      |
|--|---|---|------------------------|
| Suitable for wall mounting                     | ✓                                       | LED nominal current at constant current                                   | 500 700 Milliampere    |
| Suitable for suspended mounting                | ×                                       | Nominal voltage   | 220 240 Volt           |
| Suitable for ceiling mounting                  | ✓                                       | Nominal current   | 500 700 Milliampere    |
| Suitable for built-in mounting                 | ×                                       | Rated lifetime L80/B50 at 25 °C   | 111000 Hour            |
| Suitable for surface mounting                  | ✓                                       | Rated lifetime L70/B50 at 25 °C   | 177000 Hour            |
| Suitable for light line configuration          | ×                                       | Rated life time L70/B10 at 25 °C  | 142000 Hour            |
| Suitable for workplace according to EN 12464-1 | ×                                       | Lumen maintenance at median useful life of 35,000 h at 25 °C ambient (tq) | 93 Percentage          |
| Lamp type                                      | LED not exchangeable                    | Lumen maintenance at median useful life of 50,000 h at 25 °C ambient (tq) | 91 Percentage          |
| With light source                              | ✓                                       | Lumen maintenance at median useful life of 75,000 h at 25 °C ambient (tq) | 85 Percentage          |
| Lamp holder                                    | Other                                   | Failure rate at median useful life of 35,000 h at 25 °C ambient (tq)      | 0 Percentage           |
| Housing material                               | Aluminium                               | Failure rate at median useful life of 50,000 h at 25 °C ambient (tq)      | 0 Percentage           |
| Surface protection housing                     | Powder coating                          | Rated life time L80/B10 at 25 °C  | 89000 Hour             |
| Housing colour                                 | White                                   | Rated life time L90/B10 at 25 °C  | 43000 Hour             |
| Material cover                                 | Plastic, opal                           | Failure rate at median useful life of 75,000 h at 25 °C ambient (tq)      | 0 Percentage           |
| Type of grid                                   | None                                    | Rated life time L90/B50 at 25 °C  | 53000 Hour             |
| Voltage type                                   | AC                                      | Max. number of luminaires per miniature circuit breaker B16 (MCB)         | 19                     |
| Type of control gear                           | LED operating device current-controlled | Max. number of luminaires per miniature circuit breaker C16 (MCB)         | 32                     |
| With control gear                              | <b>*</b>                                | Rated ambient temperature according to IEC 62722-2-1                      | -10 40 Degrees celsius |
| Exchangeable control gear                      | ✓                                       | Luminaire efficacy  | 117 Lumen/Watt         |
| Dimmable                                       | <b>→</b>                                | Rated luminous flux according to IEC 62722-2-1                            | 3000 Lumen             |
| Dimming 0-10 V                                 | ×                                       | Suitable for lamp power   | 18.4 25.87 Watt        |
| Dimming 1-10 V                                 | ×                                       | Luminaire efficacy  | 116 117 Lumen/Watt     |
| Dimming DALI                                   | ×                                       | Max. system power   | 30 Watt                |
