### HIGH EFFICIENCY WATERPROOF LUMINAIRE WITH VERSATILE FUNCTIONALITY

HIGH EFFICIENCY WATERPROOF LUMINAIRE WITH VERSATILE FUNCTIONALITY Pro-Aqua IV is a future-proof waterproof luminaire designed for harsh environments and demanding applications. With an exceptional 180 lm/W efficiency, an extended lifetime, and IP66 & IK08 protection, it ensures energy savings and long-term reliability. Offering multi-switchable light outputs and CCT, Pro-Aqua IV also features versions with a wireless motion sensor and 3H self-testing emergency lighting - ideal for various industrial and commercial applications. The pre-installed through-wiring and cable glands accelerate installation, while multiple bracket positions increases flexibility.
