### THE AFFORDABLE LIGHTING SOLUTION FOR DEMANDING APPLICATIONS

Pro-Aqua Basic is a leader in its class, combining high-end specifications, quality and ease of installation with an attractive price tag. The colour and brightness of the light can be adjusted to suit individual preferences or applications. In addition to the regular on/off version, Pro-Aqua Basic is available with an integrated motion detector including daylight sensor. Thanks to standard feed-through wiring and removable side covers fitted with cable glands and plug-in terminals, connecting mains power to these luminaires is done in no-time.
