EAN: 8721063008315

ATMOSPHERIC LIGHTING FOR THE RIGHT AMBIENCE

Pro-Ambiance is a cost-effective, small aperture recessed lighting solution with refined aesthetics and quality for residential and hospitality applications, to name a few. A complete fixture requires an LED-module with driver (sold as a set) and a recess ring, which is separately available in a variety of models. Two sizes of LED-modules cover a wide range of lumen packages, and each are available in 3 beam angles. They offer 3-way selectable CCT, bi-level adjustable brightness and come with TRIAC-dimmable drivers by default.
